

## Conservation Camping Crew Gear List

Welcome to the 2021 field season at VYCC! This document is designed to help leaders and members prepare for their season. We know that securing gear can be a daunting experience. However, we are here to help and this list is designed to help you stay safe and comfortable throughout your season.

Please know that you do not need to spend a lot or any money on new gear. We recommend that you search local exchanges and thrift stores for used equipment, or ask friends and family. The following online retailers are great for used gear: [PoshMark](#), [ebay](#), [OutdoorsGeek](#), [GearTrade](#), [REI Used Gear](#), and [Patagonia Worn Wear](#). Other sites like [The Clymb](#), [steepandcheap](#), and [Sierra Trading Post](#) offer good deals on new gear. Ensure that the gear you bring to VYCC will endure all environmental (dirt/mud) and weather conditions (rain, sleet, snow). If you are unable to secure certain pieces of gear, please let your hiring manager know and we will help you get what you need. We have a small cache of gear that can be loaned out for your season, but we need to know in advance.
