

## Conservation Camping Crews Gear List

Welcome to the 2022 field season at VYCC! This document is designed to help leaders and members prepare for their season. We know that securing gear can be a daunting experience. However, we are here to help and this list is designed to help you stay safe and comfortable throughout your season.

Please know that you do not need to spend a lot or any money on new gear. We recommend that you search local exchanges and thrift stores for used equipment, or ask friends and family. The following online retailers are great for used gear: [PoshMark](#), [ebay](#), [OutdoorsGeek](#), [GearTrade](#), [REI Used Gear](#), and [Patagonia Worn Wear](#). Other sites like [The Clymb](#), [steepandcheap](#), and [Sierra Trading Post](#) offer good deals on new gear. Ensure that the gear you bring to VYCC will endure all environmental (dirt/mud) and weather conditions (rain, sleet, snow). If you are unable to secure certain pieces of gear, please let your hiring manager know and we will help you get what you need. We have a small cache of gear that can be loaned out for your season, but we need to know in advance.

### VYCC Provides:

- Four VYCC uniform work shirts
- Required Personal Protective Equipment (PPE) includes eye protection, both leather and gripped work gloves, and hearing protection
- Each person will be issued their own tent
- All group camping gear (stoves, coolers, utensils, first aid kit, etc.)
- COVID-19 related equipment (extra hand sanitizer, thermometers, etc.)

**\*All of your gear, clothing, and supplies should fit into a large backpack/duffle and daypack. VYCC does have limited storage for items on our campus (these items will not be accessible while on project). Let your hiring manager know if you are thinking about leaving items on campus\***

### Required Equipment:

  - Entire boot except laces and sole must be leather
  - Must fully and firmly cover the foot to and around the anklebone

  - Why do you need all leather boots? Good question! VYCC crews work with all kinds of different tools, some of which are heavy and sharp. We want everyone to have proper foot protection in case a tool lands where it is not supposed to. Additionally, leather boots keep your feet dry which is very important.
